SUMMARY

Dedicated IT Support Technician and IT Systems Development graduate from Boston City Campus and Business College, with hands-on experience in service desk operations, system administration, and user support. Skilled in troubleshooting, infrastructure maintenance, and delivering excellent customer service, with a strong focus on enterprise IT support and Microsoft technologies.

In addition to my support expertise, I am proficient in **programming and web and app development**, with knowledge of Python, HTML, CSS, MySQL, and JavaScript. I enjoy building practical solutions that combine technical reliability with user-friendly design, and I am passionate about continuous learning and applying my skills to real-world challenges.

EDUCATION National Diploma: Systems Development – *Boston City Campus and Business College (2023)* Relevant Coursework:

- Technical Support (A+)
- Computer Literacy (MS Office, Windows OS)
- Software Development & Testing
- Coding (HTML, CSS, MYSQL, Python, Dart)

TECHNICAL SKILLS

- **Service Desk & IT Support**
 - First- and second-line support for hardware, software, and networks.
 - Service desk ticketing, troubleshooting, and escalation.
 - Installation and configuration of Windows applications.
 - User account management, password resets, Active Directory exposure.
 - **Infrastructure & Networking**
 - Basic LAN/WAN concepts, TCP/IP, DNS, DHCP, VPN.
 - Printer and peripheral support.
 - IT asset management and tracking.
 - **Tools & Software**
 - Microsoft Office Suite (Word, Excel, Outlook).
 - Remote access tools.
 - Adobe Illustrator & Photoshop.
 - PyCharm, VS Code, WordPress.
-

WORK EXPERIENCE

Technical Support Intern – *Department of Forestry, Fisheries and the Environment (Nov 2024 – October 2025)*

- Provided first-line and second-level support to users across the department.
- Installed and configured operating systems, applications, and network connections.
- Created new user accounts, profiles, and managed password resets.
- Logged and analyzed incidents to identify recurring technical issues.
- Troubleshoot and resolved hardware/software problems, escalating complex issues to senior technicians.
